E. SESSION SUMMARY

Warlord Mohamed Farrah Aidid is still traveling in a southern direction. He is located in the middle (central) Somalia and is moving in a southern direction. He travels with some armed guards around him who he trusts and will not be found anywhere near the sea. This individual is known to operate on his own accord and lines of communications available to him are a select few messengers (senders) who respond to him on a daily basis to keep him informed of downtown political activities. The warlord will not be found downtown in Mogadishu. He is not in a particular structure at a fixed location because he does not stay at any one place for more than a few days. Please refer to the attached map for the vicinity of his current location. Two items in the area he is at are a large metal object as sketched and some monkeys. Warlord Mohamed Farrah Aidid will not be caught for awhile.
